
From the MMS Counseling Department

We hope that all of you and your families are doing well during the current school closure. As a department, we wanted a way to keep in contact with all of our students, as well as provide an avenue for them and their parents/guardians to get in touch with us. We have created a course on Schoology that every student should be enrolled in. Our goal is to be able to push out resources, activities, and content that will help students and families navigate the remote learning experience and the extended time at home.

We are here for whatever you need, just as we would be in the if we were all in the building. Please do not hesitate to reach out if you need something. Each of the counselors can be reached by email at any time, but we will also have an office hour each day where we will actively be monitoring our email and the Schoology page, if you or your families have any questions or need one of us.

Stay safe and we hope to see all of you soon!
